**STRIKE ZONE IS
EXTENDED BEYOND
THE COKE REGION****Four Indian Creek Valley Mines
Yield to Efforts of
Organizers.****BREAK AT STAR JUNCTION****Where There Was a Partial Defection
From Banks of Employees of Wash-
ington Coal & Coke Co.; Lisenberg
No. 1 Has Every Man on Job Today.**

A side from the extension of the strike zone to include four mines in the Indian Creek Valley, and a partial defection of men at the plants of the Washington Coal & Coke Company at Star Junction, there has been no change in the situation in the coke region during the past 24 hours. All plans of the H. C. Frick Coke Company, upon the employees of which the organizers have not been able to make an impression, are running strong today. At Lisenberg No. 1 every man was at work this morning.

There is, of course, a number of men idle on account of the observation of Good Friday, but at the several operations which have been getting under way during the week, more men are at work so that the total in the mine and on the coke yards today is only slightly reduced from yesterday. It is estimated that less than 100 men at all Frick plants are idle today who were working yesterday. At the Rainey plants the additional idle men will not exceed 15 in number.

The Easter holidays, pay days and the habit of some men to lay off at the week-end create a condition that will be more favorable than otherwise to the activities of the organizers. The full effect of their efforts to close down more plants, or cripple others, will not be apparent until Tuesday or later, it having been the experience of the operators that the Monday following Easter is observed almost as universally as Sunday, but in a different manner. If, however, are not made within the next few days on the plants still active, the belief is that the organizers will have reached the limit of their ability to tie up the region completely.

Taking advantage of the breakdown of the electric power supply which threw Saganore, Romney, Kimmell and Onoda mines in the Indian Creek Valley out on Monday, the organizers got busy among the idle men. After the generators had been repaired, and current was on the line yesterday, it was found that the men had been provided upon to remain idle. The organizers claimed sufficient numbers have been received into the union to form a pool.

A meeting was held at Davistown in the afternoon with a view to bringing out the mines which continued in operation, but it did not prove to be very much of a success, all the mines except the four named being in full operation here. The mines throw out some 200 tons of coke daily. About 200 men were employed.

As the result of the meeting held at Star Junction last evening, and the activity of the organizers through the day, a number of men employed at Washington Nos. 1 and 2 did not report for work this morning. These and others who are observing Good Friday comprise about one-half of the force of 700 men who have been employed in the mine and on the coke yards of these two plants. Coking operations have been limited for some time to 300 ovens out of 1,000. Both mines have also been loading raw coal.

The two mines of the Jamison Coal & Coke Company in the same vicinity are reported to be running today about as they were yesterday, both having reduced forces of men at work.

In the Laclede district coking operations are thus far unaffected. Part of Laclede on the Pennsylvania railroad, and on the Turtle Creek branch, practically all the coal mines have been closed down.

The Baltimore & Ohio railroad handled 115 cars through the Smithfield yards yesterday as compared with 160 the day before and 250 as the normal movement. The Nellie mine on the Leckrone branch furnished 13 and the Spawer mine six cars of coal.

In Greensburg the Cranberry mine has 40 men and the Mather mine 25 men at work this morning.

The only disturbance reported from the region yesterday took place at Pittsburgh where 10 or 12 foreign born women armed themselves with cleavers and clubs and held up the men going to work. Threats but no assaults were made the state police report, who dispersed the women and cautioned them about repeating the performance.

A Staving miner appeared at the coronator's office in the courthouse yesterday to request the payment of \$6 which he had been informed the company was to pay in support of the families of men on strike at the rate of \$1 per day. Evidently he had been made the victim of a hoax. At any rate he returned to his home at Continental without the \$6.

Meetings were held in the Sons of Italy Hall in Uniontown yesterday, but so far no learned, without results.

If, however, are not made within the next few days on the plants still active, the belief is that the organizers will have reached the limit of their ability to tie up the region completely.

Taking advantage of the breakdown of the electric power supply which threw Saganore, Romney, Kimmell and Onoda mines in the Indian Creek Valley out on Monday, the organizers got busy among the idle men. After the generators had been repaired, and current was on the line yesterday, it was found that the men had been provided upon to remain idle. The organizers claimed sufficient numbers have been received into the union to form a pool.

A meeting was held at Davistown in the afternoon with a view to bringing out the mines which continued in operation, but it did not prove to be very much of a success, all the mines except the four named being in full operation here. The mines throw out some 200 tons of coke daily. About 200 men were employed.

As the result of the meeting held at Star Junction last evening, and the activity of the organizers through the day, a number of men employed at Washington Nos. 1 and 2 did not report for work this morning. These and others who are observing Good Friday comprise about one-half of the force of 700 men who have been employed in the mine and on the coke yards of these two plants. Coking operations have been limited for some time to 300 ovens out of 1,000. Both mines have also been loading raw coal.

The two mines of the Jamison Coal & Coke Company in the same vicinity are reported to be running today about as they were yesterday, both having reduced forces of men at work.

In the Laclede district coking operations are thus far unaffected. Part of Laclede on the Pennsylvania railroad, and on the Turtle Creek branch, practically all the coal mines have been closed down.

The Baltimore & Ohio railroad handled 115 cars through the Smithfield yards yesterday as compared with 160 the day before and 250 as the normal movement. The Nellie mine on the Leckrone branch furnished 13 and the Spawer mine six cars of coal.

In Greensburg the Cranberry mine has 40 men and the Mather mine 25 men at work this morning.

The only disturbance reported from the region yesterday took place at Pittsburgh where 10 or 12 foreign born women armed themselves with cleavers and clubs and held up the men going to work. Threats but no assaults were made the state police report, who dispersed the women and cautioned them about repeating the performance.

A Staving miner appeared at the coronator's office in the courthouse yesterday to request the payment of \$6 which he had been informed the company was to pay in support of the families of men on strike at the rate of \$1 per day. Evidently he had been made the victim of a hoax. At any rate he returned to his home at Continental without the \$6.

Meetings were held in the Sons of Italy Hall in Uniontown yesterday, but so far no learned, without results.

The Easter holidays, pay days and the habit of some men to lay off at the week-end create a condition that will be more favorable than otherwise to the activities of the organizers. The full effect of their efforts to close down more plants, or cripple others, will not be apparent until Tuesday or later, it having been the experience of the operators that the Monday following Easter is observed almost as universally as Sunday, but in a different manner. If, however, are not made within the next few days on the plants still active, the belief is that the organizers will have reached the limit of their ability to tie up the region completely.

**TWENTY-YEAR
SENTENCES FOR
NEAL SLAYERS**

PITTSBURGH, April 14.—Declaring that jurors had erred through unwarranted leniency in failing to return first degree verdicts against them for the killing of Superintendent James H. Neal of the Boggs & Buhl Department Store during a robbery on June 10, Judges Ambrose R. Reid and Slaghton Bell sentenced Rufus Costner, convicted of second degree murder, and Harry Brooks, convicted of being accessory before the fact to second degree murder, to the maximum penalty of not more than 20 years nor less than 15 months at labor in the Western Penitentiary. Margaret Brooks, wife of Harry Brooks, and half-sister of Benjamin Stokes, unapprehended member of robber band, was informed by Judge Bell that in his opinion she was entitled to the leniency shown by the jury. She was sentenced to not more than six years nor less than five years in the penitentiary. She was convicted of voluntary manslaughter. Sentencing of Gilbert W. Kelly, convicted of second degree murder in connection with the killing of Neal, was delayed on account of the illness of Judge Charles H. Kluge, who presided at his trial.

District Attorney Rowand said it was his intention to prosecute the prisoners on robbery charges.

**Social Work Student
Studying Fayette Co.
Red Cross Activities**

Miss Laura F. Porter, a student at the New York School of Social Work, is in Uniontown this week visiting the Fayette County Red Cross. She is taking her field work under the supervision of the American Red Cross and has been sent to Fayette county to study the problems of a county chapter and the way such problems are met.

J. Arthur Joffers, Red Cross field director, in a letter informing the chapter of Miss Porter's coming states: "She is keenly anxious to visit a chapter which has largely the rural problem to meet and which would meet that problem in the best way possible. I immediately singled out your chapter as one in which I felt she would be able to observe all phases of rural problems as they are met by an efficient Red Cross chapter."

**Extra Crews at Work
At Dickerson Run**

SPECIAL TO THE COURIER.
DICKERSON RUN, April 14.—Two extra yard crews were worked in the Dickerson Run yards of the Pittsburgh & Lake Erie Railroad company last night and an extra crew yesterday. The mines strike does not seem to affect traffic through here. All section men and yard walkers on the Young Division were given a vacation Thursday, without pay.

**INJUNCTION
AGAINST W. M.
MEN DISMISSED****Union Leaders Are to Prevent
Disorders at Hagers-
town, Md.****AGREEMENT IS CRITICIZED**

Abolition of Positions by Railroad
Companies Never Was Intended to
Bring About Dismissal of Whole
Working Force, Judge Rose Says.

BAITIMORE, Md., April 14.—Judge Rose last night signed an order dismissing the injunction in the case before him which was asking that the temporary order issued by the judge more than 10 days ago, restraining Western Maryland Railway strikers at Hagerstown from interfering with the property rights of the railway, be made permanent.

Judge Rose, in signing the order dismissing the injunction, said:

"In dismissing the injunction, I want to state that the leaders of the strikers, Mr. Carroll, agree to see that no disorder occurs in or around Hagerstown and that President Myers agrees to prevent armed squads in the employ of the railroad from running around Hagerstown and making a show of themselves. President Myers also agrees to reduce the number of railroad guards as rapidly as he deems proper."

Hearing of the motion to dismiss the injunction was held yesterday. The suggestion was opposed by counsel for the Dickson Company, who declared that a suspension of the injunction would be followed by a cessation of the peace which has resulted from it, and expressed the view that the strike leaders would not be able to control their men so well as an order of court. He was overruled by the judge who said it would be the responsibility of the strikers to control their men and to add to it.

"While the contracts may be technically legal, the Dickson Company is authorized the abolition of positions by railroad companies never was intended to have any such effect as the dismissal of a whole working force on four days' notice."

This was the comment of Judge John C. Rose in the United States District Court yesterday in referring to the contract between the Western Maryland Railway Company and the Dickson Construction & Contracting Company for the maintenance of the company's roadbed and equipment and the operation of the company's shops and roundhouses at Hagerstown.

THE WHY OF THE STRIKE.

Just why the mine and coke workers of the Connelville region have been laying down their tools, after many of them have been employed only a few weeks or months following the strike, is not entirely clear to some people. It is well known that no demand has been made for increase in wages or changes in hours of work. No complaints are made of working or living conditions, hence, so far as the general public is aware, there exists no reason why employees should voluntarily give up their jobs.

The coke region workers have been induced to their action because, in the judgment of the leaders of the strike inaugurated in the unionized mining districts on April 1, cessation of operations in the Connelville and all other non-union mining districts is essential to success in forcing the issues involved in that strike. These issues are stated by Coal Age to be:

"First: Whether the wages of the mine workers shall be reduced in accordance with economic conditions.

"Second: Whether the coal mining industry shall be subjected to the rule of a national labor union insisting upon the imposition of standardized conditions covering the whole country, regardless of the needs of miners, operators and the public in particular localities."

So much stress has been laid by the union leaders upon the fact that some of the operators in the Central Competitive Field have declined to meet in a four-state conference, but are willing to meet in district conferences, that the public has gained the impression that this refusal, not the issues stated above, are the sole cause of the present difficulty.

The fact remains, however, that the whole purpose and object of the miners' union is to force upon every mining district in the United States the same agreement it may be able to secure for the Central Competitive Field, embracing the states of Ohio, Indiana, Illinois and Western Pennsylvania. That such is the intention of the union was clearly set forth in the testimony of President Lewis before the Labor Committee of the House of Representatives a few days ago. During his examination he stated very frankly that the miners were willing to meet in district conference, "Not for the purpose of consummating an agreement, but for the purpose of talking about it."

"In other words," says the Coal Age, "the United Mine Workers will not permit wages to be fixed with reference merely to what is fair and mutually satisfactory to the operators and miners in particular areas."

"They demand that wages and working conditions for the whole country shall be based on those fixed for a specific field regardless of the fact that the interests of the industry and the public demand that the conditions prevailing in each separate field be adjusted in accordance with the needs of that field."

To assist the miners' union in forcing such a wage agreement upon all mining districts, not because they have grievances of their own, is the real reason why the workers of the Connelville region are striking. Their sympathies have been appealed to with a greater degree of success than was expected. It can be said, however, that the bulk of the men have not been over enthusiastic about quitting work, but through fear of being made the subject of reprisals by the more radical workers, they have joined the ranks of the sympathy strikers. Being unable, as many of them are, to see the benefit they will derive from such a step, there is nothing in the situation to encourage them to a determination to stand out for any considerable length of time. They know that as a rule sympathy strikes have never yielded very profitable results to those taking part in them.

In Harrisburg the Easter styles in resignations of state officials are almost as varied as the Easter styles in millinery.

Libby's
Evaporated
MILK

Famous for quality

Thousands of housewives always
look for the name Libby on milk.

For that name is the mark of high-
est quality; it is backed by a world-
wide reputation.

Libby's Milk is pure cows' milk,
double-rich, because more than half
the natural moisture is removed by
evaporation; cows' milk with nothing
added and only water removed. And
it comes to you sealed air-tight in
cans marked Libby's.

Order Libby's Milk by name from
your grocer—just as you order other
Libby Foods.

---to "top-off" the meal

To dine well in merry company, unworried and in comfort
and to "top-off" the meal with a delicious dish of **Ice
Cream** from which peeps forth luscious berries or cherries
or colorful segments of golden peach or pineapple or pear
—what a sheer delight it is while the operation's in pro-
gress!—and to rise from such a table, refreshed, happy,
satisfied!—ready for work or play!—ain't it the grand
and glorious feeling?"

Whether you're enjoying the mirth and merriment of the
happy group at the banquet table, or the real joy of "din-
ner with the folks" at home—where eyes are bright and
hearts are glad—what could be finer to top-off the meal
than **HAGAN'S Special Ice Cream** in the package?

For this week-end, we are featuring three special pack-
ages. They are:

CONWAY SHADES JOHN DONNELLY IN UNIONTOWN

Johnny Donnelly of Uniontown, fighting in the Galatin Gardens at that place last night, lost to Bernie Conway of Johnstown by a shave. The Uniontown boy received a awful wallop in the opening round which sent him to the canvas but he arose and fought to the bell. In the minute's rest he was able to regain his poise and stayed the remainder of the scrap, careful not to meet the terrific right again.

Donnelly waded in during the second and third rounds, forcing the fighting, and in the final stanza his work was also considered better but not sufficient to overcome the big advantage the Flood City boy gained when he almost ended the scrap in the initial frame.

Jackie Fromme of Pittsburg gained a slight margin over Bud News Taylor of Charleroi and Mike Pasquale of Dunbar took the honors from Battling Levisky of Lambert, whom he had on the run a great portion of the time. E. O. Russell of Eastern Bridge came back strong after being virtually defeated and whipped Kid Showman, the referee stopping the bout in the sixth.

St. Vincent Will Play Scholastics On Monday Night

The St. Vincent basketball team will be held together for a series of three games with the Connelville Scholastics, composed of former High School players, the first of which will be played Monday night at the Parochial School Hall. All the proceeds of the game will go to Boy Scout Troop No. 9.

The St. Vincent outfit, champions of the City League, and the former school players are considered to be about evenly matched. Their meeting is expected to draw a big crowd.

The baseball meeting of the Methodist Episcopal team held last night at the Y. M. C. A. did not accomplish anything because of the few persons present. A more representative crowd is desired before final plans are made and another meeting for Monday night, at 7:30 o'clock, has been called.

Courts of Tennis Association to Be Ready Next Week

The tennis season of the Connelville Tennis Association will probably begin next week if the weather continues favorable for work on the courts. The ground has been put in fair shape already but is not yet fit for playing and continued wet weather is holding up the finishing process.

The tennis bugs are all ready to "raise a racket" once the word is given to use the courts. New nets purchased this season have not yet arrived but the old ones will be used until they do. Workmen at the grounds expected to have the courts in shape by tomorrow but last night's rain probably will prevent this.

The tennis association is adding a few new members this year and a special dispensation is being made until the total reaches 50.

Six Yough Valley Players in Bethany College Ball Club

DAWSON, April 14.—Bethany College defeated the Manhattan A. C. Wednesday, 14-3. Dawson fans say that the Bethany boys might be nicknamed Yough Valley Independents, as the following Yough Valley men are on the college team: Roark, Randolph, Brown, LaPorte, Pritchard and Wells. Roark and Brown came through with three hits each, while Dan LaPorte knocked out a-la-Babo Ruth with three men on in the first inning.

Miss Margaret Newmyer and sister, Mrs. Harriet Shallenbarger, of Lower Tyrone were in town Thursday.

Samuel Inks was a recent West Newton visitor.

Frank Goldsboro has bought the Scott Osborne property in North Dawson.

Mr. and Mrs. H. B. Moore are home from Florida where they spent the winter.

George Soveras, who has been on the sick list the past few weeks, is able to be around again.

Harry Denton was a Pittsburg business caller Thursday.

Wilson Beers is at Lewistown this week, being called there owing to the death of his grandfather.

Mrs. Charles Gaal and Mrs. J. C. McGill were Connelville callers Wednesday.

John T. Landymore, general yardmaster at Dickerson Run, is back at his work after a few weeks' absence in California.

Mrs. Thomas McIntyre was a Connelville visitor Wednesday.

Woman Thinks She
Can't Talk Enough

"I had gall stones for 14 years and suffered severely from gas, colic and indigestion. Doctors wanted me to go to the hospital, but I took Mayr's Wonderful Remedy instead, and am now feeling fine and better than I ever did. I can't talk enough about this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Advertisement"

Methodists and Frat Regulars Clash Tonight

There is a big basketball game, the final of the season, at the Y. M. C. A. to be played there tonight between the Unity Fraternity regular team and the Methodist Episcopal Church outfit. There has been considerable talk about this game for a long time, the

Methodist captain, Dr. Engleka, expressing the belief that his team would give the Fraternity a real run. Now the opportunity to demonstrate that ability has arrived.

The Frat regulars have not played since the final game in the City League. The Methodists finished up as champions of the "V" League. The church team will have an advantage tonight in being acquainted with the smaller gym floor but a good game is in prospect.

A preliminary game will be played at 7:30 o'clock sharp between two teams selected from the Boys' League by Ed Wall, referee.

RAIRDALLES WARNING UP FOR SEASON'S OPENING
This lot of Poplar Grove was a busy place last evening when about 30 candidates for positions on the Kiwanis team began warming up. Manager "Duke" Reed placed two complete teams on the field and had them working out in a real practice. Much

ing out in a real practice. Much was in the neighborhood and hopeful that the team will get away to a good start. There were admirers of the team out to watch the boys in their first practice game, and large crowds are expected when the team is finally grounded and outside teams are scheduled.

You Must Beat Constipation Before it "Gets" your Health!

Do you realize that constipation will "get" you if you don't resist this dangerous condition permanently? Do you also know that pills and cathartics are not only habit forming but that they temporarily irritate the bowels, leaving an already dangerous condition?

What you need is bran—a nature food—KELLOGG'S BRAN, cooked and krumbled. Bran is not a "rough" but it is a wonderful natural cleanser that will actually free you from constipation if eaten regularly.

Results from eating Kellogg's Bran are astounding! Bran keeps the intestinal tract active, it sweeps, cleanses, purifies!

Physicians endorse Kellogg's Bran for constipation. It is the ideal way to correct constipation through food. We guarantee that Kellogg's Bran

will remove constipation permanently if it is eaten regularly. You should also know that the constant use of Kellogg's Bran clears up the complexion and prevents bad breath from stomach and intestinal ailments.

You and your family should eat at least two tablespoonfuls of Kellogg's Bran every day. It is much more needed for relief of chronic cases. It is not only palatable—but actually delicious! Its nut-like flavor is most appetizing. Children become very fond of Kellogg's Bran. And it is wonderfully good as a builder of strong, healthy bodies! Your grocer has it. Use Kellogg's Bran cooked and krumbled, or a cereal, with your favorite cereal or in countless palatable ways like in muffins, rusks, bread, macaroons, gravies, pancakes etc.

There's No Picture Like the Picture of Health

The greatest masterpiece in the Art Gallery of Life is Nature's "Picture of Health."

It is a marvelous portrayal of the human body at its best. One who is in good health is a true picture of the world. It presents a picture of a body that is strong and healthy, and it is a picture that is a true picture of the world.

Constitutional weakness, taken from the body of a man, is a picture of a man who is weak and unhealthy. It is a picture of a man who is weak and unhealthy, and it is a picture that is a true picture of the world.

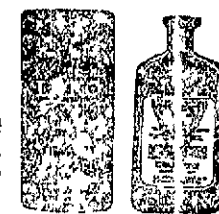

LYKO

The Great General Tonic

Nothing is more refreshing as a restorative of exhausted nerves and depleted vitality than LYKO. It is a tonic that is a true picture of the world. It presents a picture of a body that is strong and healthy, and it is a picture that is a true picture of the world.

Delays Will Be Eliminated in Saturday Bouts

With the re-opening of the boxing game in Connelville several new features will be inaugurated. At the show of the Connelville Athletic Club at Slavish Hall tomorrow night, for the benefit of the playgrounds movement the patrons are assured of a snappy entertainment all the way through. The management intends to follow out the rules adopted by the larger cities. One of these the saving of time between bouts in having the boxes appear in the ring with their gloves on ready for immediate action instead of looking around for 15 minutes in the ring changing their gloves as heretofore. This will cut the time of the show sufficiently to assure everybody of being able to catch their street car.

Another feature will be the elimination of smoking in the hall. This is also prohibited in the cities as it is against the fire protection laws as well as greatly handicapping the work of the glove welders. It is also distasteful to most of the patrons especially to ladies attending the game.

All the participants are reported as being ready for the bell and the management promises a fight treat to all lovers of the game.

The program starts promptly at 8:30 o'clock and follows in full Billy Carter vs. Johnny King Young Plazal vs. Cuddy DeMarco Johnny Pollock vs. "Dotty" Turner and Jules Schilling vs. Ernest Hawk. Advance sale of tickets is now on at the Smith House, Farmmount Billiard Parlor and West Penn Pool Room.

STORIES OF GREAT INDIANS

By Elmo Scott Watson

Copyright 1922, Western Newspaper Union
TEDYUSKUNG'S DECLARATION OF INDEPENDENCE

BECAUSE his name has been perpetuated in a famous political organization, Tammany or Tammany, is the best-known Indian of the Delaware tribe. But there was another chief of the Lenni-Lenape who ranks as high, and a part of the honor due him has been paid in a monument erected in Fairmount park, Philadelphia, to Tedyuskung (Kekeuskung—"The Healer").

About 1720 the Iroquois conquered the Delawares, forced them to accept the title of "women" and began selling their lands on the Delaware and Susquehanna rivers to the colony of Pennsylvania. Finally the Lenni-Lenape settled on the Ohio. When the struggle between the French and English centered in the Ohio valley in 1754 the Delawares felt that they were about to be driven from their last refuge. They rose in rebellion against both the Pennsylvanians and the Iroquois and attacked.

A council was called at Boston, Pa., in July, 1756. Tedyuskung issued a Declaration of Independence. "The Delawares are no longer slaves of the Six Nations," he said. "Tedyuskung, have been appointed king over the Five Nations. What I do here will be approved by all. This is a good day I wish that the same spirit that possessed that good old man, William Penn, the friend of the Indians, may inspire you white men today."

For 10 years the Delaware chief had borne the commonplace name of "Honest John," but now he was called an "King Tedyuskung," and was sent to give the "big peace halloo" to his tribe and invite them to a larger conference to be held later. He started on this important errand, arrived at Fort Allen and then he went on a drunken spree lasting for days.

The Iroquois derided his "declaration" and sought to discredit him. They filled, and from that time the power of the Iroquois over the Delawares was ended. He demonstrated his ability in later councils. Although it is charged that the white councillors tried to get him drunk every night, he always appeared at council the next morning able to cope with them.

He succeeded in getting the Delawares' wrongs adjusted and his influence brought about a treaty of peace which prevented the French and Delawares alliance. He had saved the Ohio valley to the English. His death was scarcely heroic. In the spring of 1763 his house was set on fire during one of his drunken debauches—probably by some of his Iroquois enemies—and the old chief perished in the flames.

DYE BLOUSE OR BABY'S COAT IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—an other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade or run. Tell your druggist whether this material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Advertisement

AFTERNOON GOWNS OF CREPE

Embossed in Matching Silk; Design Recalls That Used for Spanish Shawls.

Afternoon gowns are frequently of crepe; almost entirely embroidered in matching silk, in a design which recalls that used for Spanish shawls. A delightful combination shown consists of a cape of black crepe marocain with a great square let into the back of embroidered putty-colored crepe while the gown is of the lighter crepe, entirely embroidered. Many of these gowns have long tight sleeves, but the great square chiton sleeve still persists.

Models which might be worn for formal afternoon occasions, or for informal evening affairs, sometimes have the entire bodice made of a finely patterned silk lace, rather bloused at the waist, and cut with long, tight sleeves while the skirt is of matching crepe de chine, often entirely embroidered. Mature and periwinkle blue are two colors favored for these gowns.

MARY MARIE

By Eleanor H. Porter

Illustrations by
R. H. Livingston

I told her how hard I tried to be like all the way up to Andersonville and after I got there; and how then I found out, all of a sudden one day, that father had got ready for Marie, and he didn't want me to be Marie, and that was why he had got Cousin Grace and the automobile and the geraniums in the window, and, oh, everything that made it nice and comfy and happy. And then he told me about the new white dresses and the little white shoes. And I told Mother, of course, it was lovely to be Marie, and I liked it, only I knew she would feel bad to think after all her pains to make me Marie, Father didn't want me Marie at all.

"I don't think you need to worry—about that," stammered Mother. "But, tell me, why—why did your father want you to be Marie and not Mary?"

And then I told her how he said he'd remembered what I'd said to him in the parlor that day—how tired I got being Marie, and how I'd put on Marie's things just to get a little vacation from her; and he said he'd never forgotten. And so when it came time for me to come again, he determined to fix it so I wouldn't have to be Marie at all. And so that was why. And I told Mother it was all right, and of course I liked it; only it did mix me up awfully, not knowing which wanted me to be Marie now, and which Marie, when they were both telling me different from what they ever had before. And that is why, when you were trying just the best you knew how.

And I began to cry again.

And she said there, there, once more, and patted me on my shoulder, and told me I needn't worry any more. And that she understood it, if I didn't. In fact, she was beginning to understand a lot of things that she'd never understood before. And she said it was very, very dear of Father to do what he did, and that I needn't worry about her being displeased at it. That she was pleased, and that she believed he meant her to be. And she said I needn't think any more whether to be Marie or Marie; but to be just a good, little daughter to both of them; and that was all she asked, and she was very sure it was all Father would ask, too.

I told her then how I thought he did care a little about having me there, and that I knew he was going to miss me. And I told her why—what he'd said that morning in the parlor—about appreciating love, and not missing things or people until you didn't have them; and how he'd learned his lesson, and all that.

KIDNEY TROUBLES Conquered or Money Back

Clogged Up Kidney Deposits Are Dissolved and the Toxins (Poisons) Completely Driven Out; Druggists Told to Guarantee It in Every Instance.

For over 10 years, said Dr. Carey, I have been prescribing my Marsh-Rose for kidney, liver and bladder troubles, and now that I have retired from active practice I have, under arrangements with leading druggists at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffiness, clammy feet or moist palms, backache or headache, you ought to get a bottle of Dr. Carey's Marsh-Rose right away.

Kidney and bladder troubles result, as if by magic, under its beneficial influence. It flushes, builds up, and feeds inactive kidneys, stimulating them to normal activity. Forces up shrunken, fatty kidney tissues and by neutralizing the irritating acids in the urine ends all bladder weakness.

Not Dr. Daniel G. Carey was a practicing physician for many years and the great Prescription, Marsh-Rose, added thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at Connelleville Drug Co., C. Ray Metzel and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marsh-Rose, prescription No. 777. No other medicine can take its place.—Advertisement.

TAKE CUDE'S PEPTO- MANGAN

It is the Safe and Reliable Tonic Used
By Physicians for 30
Years.

There are "new styles" even in medicines. A new "fad" comes, is popular for a while and then fades out of public view. A remedy that has stood the test for 30 years must have remarkable merit and cannot be called a "fad." Such is Cude's Pepto-Mangan, originated by Dr. A. Cude over a quarter of a century ago, which has helped many thousands of people back to good health by improving the blood. Pepto-Mangan is an iron tonic. It contains iron in a special form easily absorbed by the system. It puts color into the lips and cheeks and improves the entire body by improving and enriching the blood. It is sold by druggists in both liquid and tablet form. If you want to be well and strong and look fine and healthy, take Cude's Pepto-Mangan.—Advertisement.

And Mother grew all flushed and rosy again, but she was pleased. I knew she was. And she said some beautiful things about making other people happy, instead of looking to ourselves all the time. Just as she had talked once before I went away. And I felt again that blessed, steady glow, soft-music, everybody-kindling kind of a way; and I was so happy! And it lasted all the rest of that evening till I went to sleep.

And for the first time a beautiful idea came to me, when I thought how Mother was trying to please Father, and he was trying to please her. Wouldn't it be perfectly lovely, and wonderful if Father and Mother should fall in love with each other all over again, and get married? I guess then this would be a love story all right, all right!

OCTOBER

Oh, how I wish that stained-window, everybody-kneeling feeling would last. But it never does. Just the next morning, when I woke up, it rained. And I didn't get dressed, but I remembered what had happened the night before, and a real glow came over me at the beautiful idea I had gone to sleep with.

I wanted to tell Mother, and ask her if it couldn't be, and wouldn't she let it be, if Father would. So, without waiting to dress me, I hurried across the hall to her room and told her all about it—my idea, and everything.

But she said, "Nonsense," and, "Hush, hush," when I asked her if she and Father couldn't fall in love all over again and get married. And she said not to get silly notions into my head. And she wasn't a bit flushed and rosy, as she had been the night before, and she didn't talk at all as she had then, either. And it's been that way ever since. Things have gone along in just the usual husband way, and she's never been the same as she was that night I came.

Something—a little different—did happen yesterday, though. There's going to be another big astronomy meeting here in Boston this month, just as there was when Father found Mother years ago; and Grandfather brought home word that Father was going to be one of the chief speakers. And he told Mother he supposed she'd go and hear him.

"Well, yes, I am thinking of going," she said, just as calm and cool as could be. "When does he speak, Father?"

And when Aunt Hattie peeped-poked, and asked how could she do such a thing, Mother answered:

"Because Charles Anderson is the father of my little girl, and I think she should hear him speak. Therefore, Hattie, I intend to take her."

And then she asked Grandfather again when Father was going to speak. I'm so excited! Only think of seeing my father up on a big platform with a lot of big men, and hearing him speak! And he'll be the very smartest and handsomest one there, too. You see if he isn't!

TWO WEEKS AND ONE DAY LATER

Father's here—right here in Boston. I don't know when he came. But the first day of the meeting was day before yesterday, and he was here then. The paper said he was, and his picture was there, too. There were a lot of pictures, but his was away ahead of the others. It was the very best one on the page. (I told you it would be that way.)

(To be Continued.)

Rapid Child.
Proud Mother—Uncle John, don't you think my new baby is fine?
Uncle John—Yes, for a newborn, I even think he's ahead of his time.
Proud Mother—What do you mean?
Uncle John—Why he's already more bald than his father.

FAMILIAR WITH GOLF LINKS

Philip Gaudin and J. T. Ling, Holders of Records, Know Skokie Course Quite Well.

It may be of significance to golfers in regard that the two men who hold the professional and amateur records of the Skokie course, where the national open championship is to be decided July 11 and following days, are

the pair who know the course better than any other players, Philip Gaudin, the home professional, has the low mark, a 68. Par is 70, and the only amateur who has ever equaled it is J. T. Ling, chairman of the greens committee. Also Mitchell played a star game round at Skokie last year, recording 69, and that ends the list of low scores over that circuit. In other words, "practice" should be the watchword of those intending to compete in the national open.

Stick to Senreco and Your Teeth Will Stick to You

Have White, Radiant Teeth That Will
Compel Unstinted Admiration.

Don't neglect your gums whatever
else you do or you'll be sorry later on.
Keep them strong, sturdy and full of
life. Bear in mind that a healthy gum
won't grow in foul soil. Neither will
gum tissue produce good teeth.
Your dentist is one of your best
friends—don't forget that—see him
often—many thousands of men and
women are enjoying health today be-
cause of the dentist's knowledge and
skill.

You can have white teeth so radi-
antly clean and fascinating and so
free from film or coating that they
will compel unstinted admiration. You

can have firm, healthy gums with no
taint of disease. If you will only visit
your dentist occasionally and use Sen-
reco toothpaste night and morning.
Senreco is a dentist's formula, a
combination so perfect that, besides
being the finest cleanser of teeth and
the most enjoyable of dentifrices, it
is an active enemy of the vicious germ
of pyorrhea—that all too common and
abhorrent disease that attacks the
gums and causes them to bleed, recede
and grow soft, tender and spongy.
Get a tube of Senreco today—the
good results will astonish you—in just

Getting Rid of a Stubborn Cough is Child's Play Now

Make the Medicine Yourself at Home—
It's Cheap—But You Can't Beat It.

If you want to take care of that bad
cough and get it in a few
hours, better get one ounce of V. V. (V-
double strength) and mix a half pint
at home.
You can do this in two minutes by
adding a little sugar and enough water
to fill a half pint bottle.
You'll travel the world once before
you get a medicine that will get so
much and quickly on the mucous
membrane of the nose and throat. It
halts the inflammation, the tickling
sensation stops with the first cough,
the heavy breathing goes and often
coughing, free from irritation and
nervous fidgets.

Two dangerous conditions occur in
acute croup, closed nostrils and
watery eyes. It won't stop them. Look
for Paracetamol (double strength). Speak
plainly so that the druggist will know
exactly what you want—have it right
now.

in Years—\$6, \$6.50

Gauntlets of course, in kid, but with cuffs that surpass in daring and style anything that the glove counter has held for many a season.

Cuffs are deep, you see, and embellished with bits of contrasting leather or embroidery. The keenest effect is achieved when you roll them down a bit from the top. A gray-cordovan combination is \$6. Brown-nude \$6.50.

Clever Handbags
Come in Silk—
\$3.50 to \$5

Many of them are more effects—which is just as Vogue would have it. In black mostly completely equipped with coin purse and mirror and very prettily lined.

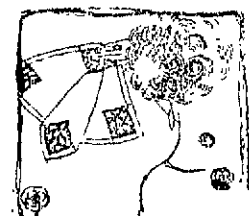

The leather bags, most appropriate for Easter wear are pouch shapes in a wide variety of finish. Many have the coin purse chained to the frame—a novel and practical touch.

Patent leather comes to the fore again in attractive shapes. Leather prices range \$2.50 to \$10. —Main Floor
